United States Nurseries

SHORT HILLS, NEW JERSEY

TO THE TRADE.

WE HEREWITH submit our second Trade Quarterly for the year, and hope it will receive careful perusal. We need not repeat our former statements regarding the superiority of our stock, as it is equal to any, and has never been better than at the present time. We invite personal inspection at all times at our Nurseries, which are only about three minutes' walk from the station, and open any day in the year. Intending purchasers would do well, before placing their orders, to take a run out to our place and inspect our stock. We are only eighteen miles from New York City, on Delaware, Lackawanna & Western R. R., and trains leave every hour from Hoboken. Take Christopher or Barclay Street ferries from New York.

As in the past, we will endeavor to serve customers with clean, healthy Plants, Seeds of the latest crop and highest vitality, and Bulbs true to name, up to measurement, and procured from the most reliable growers. Our unequaled facilities in the way of large modern greenhouses, perfect in every detail; extensive herbaceous grounds, seed warehouses, bulb cellars, and old and experienced growers, practical in every branch of the business, make it possible for us to guarantee satisfaction with every order shipped.

TERMS:

(This list cancels all previous quotations.)

All orders from unknown correspondents must be accompanied by remittance or satisfactory reference. Otherwise, goods will only be sent C. O. D.

No perishable goods are sent C. O. D., unless a sufficient remittance accompanies the order to guarantee acceptance on arrival.

Remittances should be made by Post Office or Express Money Order on Short Hills, Bank Draft on New York, or Money in Registered Letter. Checks on local or inland banks often necessitate delay, and are subject to a small charge for collection.

Orders are solicited at as early a date as possible, that we may have ample time for their execution. Please write plainly name, post office, express office, and any other necessary information as to the best method of forwarding.

Prices are quoted subject to short crops, to change without notice, and to the goods being unsold upon receipt of order. We would advise florists to place their orders early. All imported and domestic bulbs that we offer are direct from the most reliable growers, and can be depended upon as being first-class in every respect. 25 bulbs or plants furnished at 100 rate, 250 at 1,000 rate.

Complaints, if any, must be made within five days after receipt of goods, to receive recognition.

No charge is made for cases or packing, or for delivery to freight and express depots. On all plants shipped by express, florists receive the benefit of the 20 per cent. reduction in express charges, if packed in closed boxes.

Our pots are all "standard" sizes, and measurements of height of plants are from the top of the pot.

Decorative Plants.

(ALL PLANTS ARE MEASURED FROM TOP OF POT.)

PALMS.

Nothing in the florist's line of Decorative Plants is more important than the Palm, the sale being constant and at all times profitable. Our stock of these plants, it is well-known, is second to none in America, and our prices are right, as will be found by comparison. Our Palms always give satisfaction, because, being grown in a low temperature, they are particularly sturdy and hardy, making them much more useful for house culture than if grown in greater heat. We mention below the varieties and sizes most in demand for florists' trade. Prices on other varieties, as well as on specimen plants, will be furnished on application.

IANUS.**

Wherever exhibited the past year, this unique plant attracted universal attention, and created quite a sensation throughout the trade. Having a robust constitution, it stands our summers to perfection, propagates quickly, and is as easily grown

as Coleus. For bedding out this beautiful plant cannot be surpassed, while it is invaluable for pot-culture. The whole plant, while being beautifully variegated, has a pea-cock blue luster, producing an effect at once surprising and pleasing to the eye. We know of no other plant of recent introduction that presents such a charming appearance on the lawn or border, and no live florist will fail to secure a stock for spring orders. Strong plants, in 3-inch pots, \$2 per doz., \$15 per 100. (See cut, on opposite page.)

TRADESCANTIA REGINAE.

This beautiful plant is a valuable addition to ornamental plants. The habit is erect and robust, with sharply pointed and closely set leaves, and beautiful markings of purplish crimson and silver. 3-inch pots, 35 cts. each, \$3.50 per doz.

The goods were received in fine shape and perfectly satisfactory, and we take this opportunity to say that we have always found your goods the very best, and we consider it a great pleasure in dealing with such a house as Pitcher & Manda. You can always rely on getting our orders, as well as our good will.

CHARLESTON, S. C., Mar. 19, 1895.

J. M. CONNELLEY.

The flowers came in splendid condition, and were very satisfactory.

DENVER, COL., Jan. 9, 1895.

J. L. RUSSELL.

We received the Palms, etc., on our order of January 20, yesterday. They are very fine, and perfectly satisfactory.

Hardy Herbaceous Perennials.

This department has become a great specialty with us, devoting, as we do, many acres of land to the culture of Hardy Plants. The demand is steadily increasing for this class of plants, and florists should now arrange for a stock for spring delivery. They are especially useful and profitable for cut-flower purposes and for retail trade, being adapted to every soil, situation and exposure, and once planted increase every year in size and beauty.

ACHILLEA, "THE PEARL."

The grandest white-flowered hardy plant for summer cutting. By far the best of the double Achilleas. 3-inch pots, 60 cts. per doz., \$5 per 100.

NEW VIOLET,

“The . . . California.”

PITCHER & MANDA, Eastern Agents.

“THE CALIFORNIA” has been in course of propagation for the last three years, and is offered to the trade this year for the first time. It has captured the San Francisco market, bringing there three times the price of the Marie Louise and Single Russian, and we predict the same success for it in the east. Not alone has it proved to be an entire success in California, but a prominent Violet grower in Pennsylvania, who last year secured a limited number of plants, has grown it the past winter, and he pronounces it the most profitable Violet he has ever grown, thus proving that it will grow equally as well under glass in the east as in the open air in California. All statements claimed for it have been verified by the Pennsylvania grower; viz.: Length of stems, size of flowers, blooming qualities, vigor of plant, color, etc.

We have already received several shipments in splendid condition, and would request all intending purchasers to send in their orders now, so as to receive the benefit of the early shipments.

DESCRIPTION.

Plant vigorous and absolutely free from disease; flowers single, immense in size, covering a silver dollar; color violet-purple (does not fade); fragrance intense; flowers borne on strong stems 10 to 14 inches in length. Last season several hundred flowers were picked from a single plant.

PRICE.

As the eastern agents for this **NEW VIOLET**, we are enabled to offer the plants at the same price as charged by the introducer in California. We quote for quantities less than 100, 15 cts. each; \$10 per 100, \$70 per 1,000. 500 at 1,000 rate. Orders filled strictly in rotation.

Tuberous-Rooted Begonias.

Bulbs for Spring Planting.

IMMEDIATE DELIVERY.

6 at dozen rate, 25 at 100 rate, 250 at 1,000 rate.

BEGONIAS, Tuberous-Rooted.

We have great pleasure in again offering to the trade our unparalleled strain of single and double Tuberous Begonias, which are of excellent quality and still further improved. The flowers stand erect on short-jointed footstalks, and are of large, fine, circular form. In these desirable points the strain presents a marked improvement. The brilliant shades range through deepest crimson, bright reds, intense scarlet orange, bright orange, pink, rose, deep rose, salmon, apricot, pale yellow, deep yellow, bluish and white. With the price now considerably reduced, they come within the reach of all, at the same time allowing the florist and retailer handsome profits.

Vegetable Seeds. A complete list, with trade prices, will be found in our last Quarterly Catalogue.

PICTORIAL PACKETS of FLOWER and VEGETABLE SEEDS.

At a great expense we have had specially made for us new designs, or true colored representations of Flowers and Vegetables, lithographed on large, handsome packets, which, owing to their attractive appearance, sell readily before any others now on the market.

The seed can be depended upon as being fresh, true to name, and of high vitality, the same as sent to our most critical customers, and while the price at which we offer these goods is exceptionally low, the quantity of seed contained in the packets will be found most liberal, and compares favorably with packets usually retailed at 5 and 10 cts. each. **Price, per 1,000, \$15; per 5,000, \$50.**

We will send by mail as samples a collection of our Flower and Vegetable Seeds in pictorial packets, in any quantity, consisting of upwards of 75 varieties, at **25 cts. per doz.**

SHORT HILLS LAWN GRASS SEED.

Specially prepared for Florists' Retail Trade.

It is truly surprising the demand our brand of Lawn Grass Seed has made for itself, and the increased quantity disposed of each year by all who have offered it for sale. It can be safely recommended to anyone, as the greatest care is used to select only the very best re-cleaned grasses, free from weed seeds of all kinds, and the formula the same as that sown to produce the famous lawns and bowling greens of England.

Put up in attractive card-board boxes, with full cultural directions, in the following sizes and prices:

Pints, \$8 per 100 (retail for 15 cts. each); quarts, \$12 per 100 (retail for 25 cts. each); two-quarts, \$20 per 100 (retail for 40 cts. each).

Sample boxes free on application. Special price on large quantities.

Bulk in 1/2 and 1 bushel bags, **\$3 per bushel.**

Fine mixed lawn grass seed, **\$2.50 per bushel.**
